Continuation of Substance of Interview including description of the general nature of what was discussed: The after final response of 2/9/07 overcomes all previous rejections. However a new specification is still needed. Ms. Sieburth informed the examiner that her assistant may have filed a supplemental response providing a substitute specification which corresponds to the PCT application. Upon inspection of eDAN the examiner noted that it had been filed. The examiner called later in the same day to alert Ms. Sieburth that a copy of the PCT claims was also filed in the supplemental response. To avoid ~~the~~ printing errors, the examiner will indicate that these "claims" filed 2/13/07 should NOT be entered. Also the examiner will try to have them expunged from the file..
